

# STORMWATER ACTION TEAM CORPORATE SERVICE DAY

## Did you know?

Trillions of *dangerous bacteria* and literally *tons of fertilizer and trash* reach our local streams every year by way of street-side storm drains.

**This has a big impact on wildlife and public health.**

We can solve this problem with small acts of stewardship around our neighborhoods and businesses. **SWATs are the White River Alliance's newest stewardship program making a difference for our water!**

A SWAT is a StormWater Action Team made up of your colleagues who are willing to donate time to help promote water quality awareness in neighborhoods or commercial centers. ***Form a team to start making a difference for our water today!***

**CLEAR CHOICES  
CLEAN WATER**

**VOLUNTEER SERVICE**

**WATER, IT'S WORTH YOUR TIME**

Our next event is **September 16 from 12:30-4:30pm.** We will meet at a central point before heading out to our target areas. We will reconvene for a beer and refreshments afterward.
